Kidney Troubles.

Most people, when treating

kidney troubles, resort to powerful remedies, or else they take opium in some form or other, the result being that the patient simply drags along until his disease becomes chronic, then he is told "It ease of the Kidneys" It is, however, possible to prevent "Bright's Disease of the Kidneys' and that is by taking Reid's German Cough and Kidney Cure at the first symp toms of the trouble. The disease is thus stopped before it develops new leatures and the patient is cured "Bright's Disease of the Kidneys" is simply the name for Consumption of the Kidneys in its last stages The true way is not to wait until the malady has as sumed this form, but to treat it in time. People get cold, neglect themselves, allow it to run, go about complaining, take more cold, feel miserablly, expose themselves, get down, they loose their appetite, the stomach no longer digests their food, and they finally conclude that they have "Bright's Disease of the Kidneys" when the fact is that their whole system is out of order. Then they rush to a doctor and expect the man of science to give them a prscription that will at once cure them Of course he can t do this, and then they abuse the doctor Any reasonable person will tell them that it will take as long to heal them as they were in getting sick. The true way is to take Reid's German Cough and Kidney Cure at the first appearance of the malady, and thus break up or eradicate the disease before at fast insupon you. For sale by

The First Car. The first electric car on the Trotting

I'rk extension, by the Citizens' line, was r on to that point at 6 o'clock yesterday evening and notwithstanding the fact that on part of the extension the rail connections had not been put in, the electric current flowed uninterruptedly and everything run smooth. This extension has been put in at considerable expense by the company for the accommodation of those who may desire to attend the races or any other exhibition that may be going on at the Trotting Associa tion Park. The extension is 3160 feet long, being only about three handred tension and cost between three and four thousand dollars to complete it. The extension was supervised by Manager Ferguson who on account of his broken leg hobbled on crutches as he directed

Juggling.

A snipe handbill was thrown about the city to-day announcing that there would be a mass meeting of farmers at the court house. The reporter attended the session at 11:30 a.m., and found 15 persons patiently listening to remarks by the local reformer, John Lindsay, who consulted the columns of the Bulletin in presenting his platform for political action by laborers and farmers. J. W. Thornhill addressed the centlemen. It was announced by John Lindsay that A. G. Webber. another Democrat, would address the the meeting this afternoon. Why these people do not sail under their proper Democratic name is one of the 1890 mysteries. Possibly they magine they are fooling Republicans. Hardly.

DIED AT GREELEY.

The Mother of Engineer John T. Barnett Called Home.

Yesterday John T. Barnett, engineer at the water works, received the particulars of the death of his venerable mother. Mrs. Nancy Barnett, who passed away at Greeley, Colorado, on July 3, and was laid at rest in the cemetery on July 7th. The deceased was in the 79th year of her age, and had made her home in Decatur with her son until the left for Greeley four years ago, to await the final summons at the home of her daughter, Mrs. Cot. Williams.

Mrs. Barnett was born at Oxford, Ohio, and came to Greene county, Ill., in 1830. Her husband was Rev. William Barnett, who died in 1853. He was a pioneer member of the Illinois Methodist Conference and preached on the Greenfield circuit. Col. Williams, son-in-law of Mrs. Barnett, served all through the late war. He was a captain in the 14th Ulinois regiment, was promoted to lieutenantcolonel at Fort Donelson and was afterwards colonel in charge of the post at

Many Decatur people will remember Mrs. Barnett as a noble christian woman, For 60 years she was a member of the Methodist church.

This morning Mr. W. H. Bramble received a highly prized gift from Miss May Gragory, of Chicago, formerly a member of the Bramble family. It is a combination Irish setter and Swede pointer, and hereafter the assessor will find him at 511 Spring Avenue. "Hector" is a blooded beauty for whom Mr. B. has already been offered \$50 in gold but the lucre was promptly refused. The expressage on "Hector" from Olicago was only \$3.00, a sum which some people may regard as a little high, but Mr. B.
